

**441—25.4 (331) Practices.** A region shall ensure that access is available to providers of core services that demonstrate the following competencies:

**25.4(1)** Regions shall have service providers that are trained to provide effective services to individuals with two or more of the following co-occurring conditions:

- a.* Mental illness.
- b.* Intellectual disability.
- c.* Developmental disability.
- d.* Brain injury.
- e.* Substance use disorder.

Training for serving individuals with co-occurring conditions provided by the region shall be training identified by the Substance Abuse and Mental Health Services Administration, the Dartmouth Psychiatric Research Center or other generally recognized professional organization specified in the regional service system management plan.

**25.4(2)** Regions shall have service providers that are trained to provide effective trauma-informed care. Trauma-informed care training provided by the region shall be recognized by the National Center for Trauma-Informed Care or other generally recognized professional organization specified in the regional service system management plan.

**25.4(3)** Regions must have evidence-based practices that the region has independently verified as meeting established fidelity to evidence-based service models including, but not limited to, assertive community treatment or strengths-based case management; integrated treatment of co-occurring substance abuse and mental health disorders; supported employment; family psychoeducation; illness management and recovery; and permanent supportive housing.
